College of Arts, Media and Technology (CAMT) — Year 3 (Ongoing)

SKILLS

- Unity(C#)
- Unreal Engine
- Firebase
- Multiplayer
- Game Design

LANGUAGE

- Thai
- English

ABOUT ME

Hi! I'm Phurinat, a 3rd-year Digital Game student at CAMT, Chiang Mai University. I'm a Game Developer who lives for technical challenges and creative problem-solving through code and game logic.
I love diving deep into game engines, mastering Unity, and building smooth, high-performance gameplay experiences. I'm always eager to push my technical boundaries.

PROJECTS

Panda (2025) — Ai & Backend Programmer

Survival - Unity (C#) & Firebase

- Developed Ai, Autentication and Leaderboard logic systems. Responsible for gameplay mechanics and system integration.

Verdant Vow (2026) — Lead Programmer

Action RPG - Unity (C#)

- Developed combat, Weapon, Inventory, Save Game, Interactable Object and Multiplayer logic systems. Responsible for gameplay mechanics and system integration.

Quests (2025) — Lead Programmer

RPG - Unreal Engine

- Developed Quest system, Interact and Combat system logic systems. Responsible for gameplay mechanics and system integration.

SpellStudySaga (2025) — Lead Programmer

Puzzle - Unreal Engine

- Developed Shooting System, Aiming, Interact and Teleport logic systems. Responsible for gameplay mechanics and system integration.

(Full project details are available on my website.)

AWARD

FartLife (Arcade Game) — Judge's Favourite

Awarded at the Global Game Jam Chiangmai 2026

- Developed Elevator, Ai Farting , Mask and Stamina logic systems. Responsible for gameplay mechanics and system integration.
